Trump Fires Yosemite Sam

Donald J. Trump @realDonaldTrump - [17:58 UTC · 10 Sep 2019](#)

I informed John Bolton last night that his services are no longer needed at the White House. I disagreed strongly with many of his suggestions, as did others in the Administration, and therefore....
...I asked John for his resignation, which was given to me this morning. I thank John very much for his service. I will be naming a new National Security Advisor next week.

Oh happy day!

Ambassador Bolton

Bolton disagrees with Trump's tweet and he is now texting reporters to say that he wasn't fired but resigned:

Ambassador Bolton sends me a text message just now:

“Let’s be clear, I resigned, having offered to do so last night.”

John Bolton was the worst person I could think of to become National Security Advisor. But Trump being Trump he may find an even worse one.

Bolton will not take his firing without some revenge. There will soon be tons of 'leaks' in which a "former senior administration official" will claim that Trump did this or that very bad thing.

A consistent complaint among Trump loyalists & fellow WH officials is that Bolton and his camp were extremely leaky. Doesn't help that he's texting every reporter in his rolodex now to clarify that he wasn't canned

We published quite a bit about John Bolton. Here is a short selection:

No longer. May the fishes avoid him.

That's good news from the next world. Could hardly believe it when I read it. Who knows, maybe General Flynn will have his comeback? :-)

The ICJ should put out an APB for Bolton right now.

Judging by the way all the previous hires will go, it will be another unhinged neocon psycho warmonger. I'm hesitant to call this good news, just because I'm a tad nervous about what swampier creature will be brought up from the depths. Abrams? Cheney? Cotton?

Cui bono?

What sort of a shift, if any, in empire foreign policy does this

presage?

I believe there will be a change when Trump fires Mnuchin

Until then it is the same war over public versus private global finance with different acolytes of distraction.

Maybe Donald Trump will actually go to the darkest corner of hell to fill his vacancy.

Every new appt. he makes is worse than the last one.

Maybe Voldemort or Palpatine are available to fill in the office?

Wait for it... This development will usher in the glorious return of Nikki Haley. The office of NSA must be occupied by a neocon. Lord protect us all. My guess is that Slingshot Sam Bolton must not have agreed with Trump reaching out to talk with Rouhani.
