Slavs and the Yellow Peril are “niggers, brutes and beasts”, in the eyes of Western Empire. China Rising Radio Sinoland – CHINA RISING RADIO SINOLAND

31-39 minutes

By Jeff J. Brown

Above is a visual from a reputable, 19th century British scientific journal, “proving” that the Irish descended from subhuman Negroes. The British enslaved and exterminated the Irish long before they used the same genocidal policies on Africans, New World First Nations and Asians. Irish, Russian, Chinese: they are all niggers in the eyes of Eurangloland.

The bitter truth is that racism is the foundation upon which the West’s colonial empire has committed global extermination, genocide and the exploitation of humanity’s natural and human resources. Don’t believe me? Just ask Presidents Xi Jinping of China and Vladimir Putin of Russia.

This is one of the most important articles that I have ever written. It explains so much about how the world works. It was originally written for my column on *The Saker* (<http://thesaker.is/>), Moscow-Beijing Express, where it generated

a huge amount of discussion. In the interim, I kept doing a lot of research, updating and expanding it. Part of this included reading the eye opening, *Savage Anxieties: The Invention of Western Civilization*, by Robert Williams, Jr.

<http://us.macmillan.com/savageanxieties/RobertAWilliams>. This book delves into the history and raison d’etre of Western racism and genocide, starting in prehistoric Greece, up to the extermination of the New World’s First Nations people in the modern age. It makes for a great companion to Lindqvist’s *Exterminate All the Brutes*, which is discussed in the article below.

Stories about racism abound if you just listen and see with the right frame of mind. I recently wrote about an oblivious teacher who made several racist comments about the Chinese – with half the audience being Chinese

(<http://chinarising.puntopress.com/2017/11/10/all-the-chinese-people-want-is-respect-aretha-franklin-diplomacy-on-china-rising-radio-sinoland-171110/>). World leaders are also starting to call out the West’s endemic racism

(<http://chinarising.puntopress.com/2016/11/05/the-dark-skinned-exploited-peoples-of-the-world-are-calling-the-west-for-what-it-is-racist-china-rising-radio-sinoland-161105/> and

<http://chinarising.puntopress.com/2017/10/19/china-thailand-cambodia-and-the-philippines-say-f-u-to-western-colonialism-china-rising-radio-sinoland-171019/>).

A friend who my wife and I visited in Cambodia this week described how he had a complete falling out with two Caucasian friends, who had lived in China for nine years and recently moved to our friend’s town. With the help of alcohol, one of these newly arrived friends went into a long and vicious tirade against the Chinese people, with all the usual racist “Yellow

Peril” insults. It got so bad – our friend is married to a Chinese woman, who was thankfully absent – that he asked them to leave and he hasn’t talked to them since. Like the teacher I described and who has also lived many years in China, these two ex-friends learned nothing after all their time in-country, since they are so blinded by their subconscious racist superiority.

We have friends who lived in England for three years. She is blond and the husband is half Filipino, so he has a tawny, tanned look. They left the UK, because they got sick and tired of him being called “nigger” to his face and behind his back.

Our friend’s story reminds me of Eurangeloland racism against each other, and my wife being French and myself being a dual-national French-American. Not knowing this, we’ve had many Westerners make the vilest insults about the French, spouting all the usual mainstream propaganda tropes and inferiority generalizations. When we point out our nationalities, they suddenly start talking about the weather and sports. Every time I go to Britain, I hear racist comments about the Irish and I’m half Irish descent. Racism just comes naturally among Westerners.

Where I work, there are many expatriates and I hear anti-Chinese racist comments every day. Like the previous stories, they are totally in denial about what they are doing and saying, since they are so subconsciously confident of their racial superiority. It’s normal. They’ve been brainwashed since the womb. It’s institutionalized and ingrained in education, movies, TV, print media, advertising and government policy.

As this article explains, this White superiority has had terrible consequences for humanity’s 85% dark skinned peoples, going back centuries and continuing on a global scale. I empathize

with you that it is not pleasant or comfortable dealing with Eurangloland’s systemic racism, but it is a demon that we must confront, admit and discuss, if we are to ever evolve as a species.

And I’m tired of the moral equivalency, “Well, the Chinese are racist too”. All peoples are racist. It is in our collective DNA from evolutionary group survival, going back millions of years. Tribe versus tribe. But, it is only Westerners who use their racism to scour the planet like genocidal locusts, exterminating hundreds of millions of their defined niggers, brutes and beasts and stealing everything in sight. Indian historian Dharampal calculated that the British shortened the lives of 500,000,000-1,500,000,000 souls, just in the Indian subcontinent alone. It is not an exaggeration to state that Caucasians have killed over one billion fellow humans, over the last 500 years, and are continuing to do so, as I write.

In reference to the “scientific” drawing gracing the top of this article, a podcast listener sent this about Charles Darwin’s racist beliefs, especially towards the Irish (<http://scienceblogs.com/evolvingthoughts/2007/03/24/darwin-on-the-irish/>). James Bradley’s interview on *China Rising Radio Sinoland* also did a great job showing how the Aryan myth and scientific racism, to this day, are driving Western geopolitics and therefore the world, over a cliff of no return (<http://chinarising.puntopress.com/2018/04/06/james-bradley-tells-it-like-it-is-on-china-rising-radio-sinoland-180406/>).

All of this is covered in the three books of *The China Trilogy* (see below), in fascinating detail, so get smart and understand where you are heading into the 21st century. Suddenly, all the headlines start making sense.

To finish out this introduction to the article, The *Greenville Post* put out a special version, with additional historical information: <http://www.greenvillepost.com/2015/10/02/slavs-and-the-yellow-peril-are-niggers-brutes-and-beasts-in-the-eyes-of-western-empire/>. Since this article has been expanded and improved in the interim, read it here, then take advantage of looking at all the *Greenville* add-ons, which are well worth the effort.

Below is the downloadable *SoundCloud* podcast (also at the bottom of this page), as well as being syndicated on *iTunes* and *Stitcher Radio* (links below). Please be advised that this podcast is a reading of the original article. With ongoing research, it has been substantially added to. A YouTube version was not done at the time.

Then, read ***The China Trilogy***, to understand your world & where you are headed into the 21st century (<http://chinarising.puntopress.com/2017/05/19/the-china-trilogy/>). You will be so glad you did!

The updated, expanded article:

The conflicting visions between the Anti-West and Eurangloland (NATO, with Australia and New Zealand) continue unabated. China and Russia, the dynamic duo that stands tallest among the Anti-West, have been very visible recently. Russian and Chinese Presidents Vladimir Putin and Xi Jinping, respectively, attended China's jaw dropping Victory Against Fascism Parade in Beijing, on September 3rd (2015). Putin was Xi's honored

guest, as was the Russian detachment that participated in the parade. <http://thesaker.is/the-moscow-beijing-express-from-may-9th-in-moscow-to-september-3rd-in-beijing-the-anti-west-order-comes-full-circle/>

Both Putin and Xi gave important speeches during the 70th anniversary session of the United Nations. Putin said all he could, without visibly spitting on the West's name.

<https://www.youtube.com/watch?v=q13yzi6k6w0> Xi's US state visit was just as withering for Obama and the West.

<http://44days.net/?p=3038> and <http://44days.net/?p=3059> Both leaders left America proudly waving the Anti-West banner and continue to be heroes for the world's Moral Majority, that 85% of humanity who is mostly dark skinned and frequently Muslim, Hindu, Christian Orthodox, Buddhist, Animist, or in the Americas and Africa, dirt poor Christians.

The Western perpetrated genocide in the Ukraine and Uncle Sam's never ending onslaught to try to overthrow the Communist Party of China are ongoing reminders that Eurangloland's colonial empire is very much intact and sad to say, thriving. One only needs to observe Western destabilization and/or military activities in the Americas, Africa and Asia, to swallow this bitter pill of truth: empires, with their extermination, genocide, war, false flags and economic enslavement, don't fall overnight.

All we fighters of truth and justice can do is keep flinging rocks at this 500 year-old, multi-headed Hydra, until it finally collapses from internal rot and external overreach. I'll be 64 this year and even if I live into my eighties, I may still be writing in my dying days, about the pestilence of ongoing Western empire, instead of celebrating hopes for a new, more just and holistic cooperation among the world's peoples, as well as dreams for

the steady state use of Mother Earth's precious natural and human resources. Only Eurangloland's virulent racism and fascism, wrapped in the iron fist of an idealized, sanitized and mythical capitalism, stands in the way.

In my writings, I have often talked about racism as a facet of Western empire. It has been based on gut instinct and extensive research of all the verifiable extermination and genocide of the Moral Majority, since Christopher Columbus first set foot in the Americas, in 1492. As Howard Zinn pointed out in his majestic book, "A People's History of the United States", when the natives, who Columbus first encountered, could not produce any gold to be stolen, he ordered that all of them be executed on the spot. This is the rest of modern history writ large, up to the present future.

American colonial settlers coolly and calmly slitting the throats of Native American women and children. No other race of people, outside Europeans, can even come close to the billion or more they have exterminated over the last 500 years, and still are.

A book I just read really brings the West's racism into disturbing and chilling focus. “Exterminate All the Brutes’: One Man’s Odyssey into the Heart of Darkness and the Origins of European Genocide”, by Sven Lindqvist

(<https://www.amazon.com/Exterminate-All-Brutes-Darkness-European/dp/1565843592/>), really does live up to its title and

subtitle. Of course, the great quote, “Exterminate all the brutes”, is a line taken from Joseph Conrad’s blistering allegory, the anti-colonial, reality-as-fiction masterpiece, “The Heart of Darkness”.

The book has added meaning to me, since Mr. Lindqvist wrote it while wandering around the deserts of Algeria, a country I lived and worked in, 1985-1990 and know very well.

Mr. Lindqvist did a huge amount of research and reading of historical documents, to write this book, and it pays off in blood drenched spades. Yes, Adolf Hitler was an unreconstructed hater of Jews, but it was his National “Socialist” Party’s (NSP) platform and policy implementation to exterminate ten million Russians – Slavs, they were called, in order to make “elbow room” (later changed to “lebensraum”, or “living space”). The name “Slav” is fraught with racism. The word “slave” comes from Western Europe’s 8th century King Charlemagne using Slavs, to be worked to death in his mines. For the world’s Moral Majority, nothing about the West has changed in 1,200 years.

The justification for the NSP’s lebensraum was that Germans had the same right to stolen real estate, just like the other European colonial masters were doing across the Americas, Africa and Asia. When Hitler got elected Chancellor in 1933, there were only 250,000 Jews in Western Europe, including Germany. The biggest numbers of them were in Eastern Europe and Western Russia. Jews made up 10% of Hitler’s coveted Slavic lebensraum, but 40% of its urban populations. City folk

were the ones who went to the concentration camps first, Russian or Jewish, because they were easy to round up in big numbers, being close to railway stations and good roads to transport them.

Hitler and the NSP were infatuated with Andrew Jackson’s 1830 Indian Removal Act and how it legalized the extermination of 15 million Native Americans. It simply codified what George Washington called the “necessary extirpation” of the natives, from “our settled lands”. America’s first president signed the executive order to liquidate the Pequot people and the slaughter never stopped. Roxanne Dunbar Ortiz’s book is essential reading (<http://www.beacon.org/An-Indigenous-Peoples-History-of-the-United-States-P1164.aspx>).

Hitler & Co. also used America’s Indian reservations as a blueprint for Nazi concentration camps. Round them up and work them till they die. In fact, the etymological origin of the term “concentration camp” is colonial Spanish, not German.

Russian prisoners of war died like flies in Nazi concentration

camps and Slavs were the first to go to the gas chambers, not Jews. Hitler's genocidal blueprint was Andrew Jackson's 1830 Indian Removal Act and concentration camp Indian reservations, both designed to assure the liquidation of America's First Peoples.

Hitler's and the NSP's racist hatred of their dehumanized Slavs is graphically demonstrated by historical fact. Jews were not the first group to go to the gas chambers in Auschwitz. It was Russians. Just as the Americans made sure that White man's Indian reservations were set up for enslavement and early death, Russian prisoners of war perished like flies. Over three million Russians died in the camps, two million in the first year alone. Captured Russians were considered no better than the black skinned Herero and Namaqua tribes, which the Germans exterminated in today's Namibia, in 1905 (the Germans did this in part to show that they were just as good as the British, French, Spanish, Portuguese and Americans, at large scale genocide, thus, just as deserving of lebensraum). Only 3.5% of “white” English and American prisoners of war in Germany died, but 57% of “Slav” Russians did.

Racism does not have to be about skin color. It has to do with dehumanizing the Dreaded Other. Eight to ninth century Frankish King Charlemagne captured and enslaved thousands of Slavic peoples, to work in the royal mines, while exterminating many more Other White people, who were not Christian. The word root for “slave” comes from these Slavic people who were subjugated and exterminated by this bloodthirsty Holy Roman Emperor.

Nor do slaves have to come from far away. They just have to be different, a Dreaded Other. In Protestant England, Caucasian Irish were Catholic and that was all that was needed. King

James VI declared in his Proclamation of 1625 that Irish “prisoners” were to be kidnapped and “sold” to English colonialists in the Caribbean. The first batch of West Indian Irish slaves numbered 30,000.

In the 17th century, there were so many Irish slaves on British Caribbean islands, that they would often outnumber their English colonial masters. The bloody statistics are staggering and consciousness numbing. In just one decade, 1641 to 1652, more than half a million Irish people were exterminated on the Emerald Isle, like roaches in a barrel. At the same time, over 300,000 Irish were kidnapped and sold into British West Indies and colonial American slavery. In just ten years, the British caused the national population of Ireland to collapse, from 1.5 million to only 600,000, an implosion of 60%.

Irish slavery set the mold for the very lucrative African trade in human souls. Fathers, mothers and children were separated at will, leaving untold numbers of children and adolescents abandoned in the Native homelands. During England’s holocaust of the Irish people, more than 100,000 Irish boys and girls, aged only 10-14, were lustily sold in the Caribbean and the American colonies, many to be raped by their White masters as pedophile sex toys. After Kings James VI, Charles I and Cromwell continued to “sell” Irish children and women to the Americas, with who knows how many to be sex slaves. This raping and sodomizing of the Irish was enthusiastically carried over to Africans, when the slave trade started there later.

<http://settingrecordstraight.blogspot.fr/2015/03/irish-forgotten-white-slaves.html>

The wholesale British slaughter and exploitation of the Irish people continued unabated, until official slavery was finally abolished in Britain, in 1833. But that did not stop the English

from continuing their policy of slaughtering the Irish. Its Parliament passed legislation that guaranteed the extermination of much of the Irish nation, during the Great Potato Famine Genocide, 1845-1852. It was one of countless Western crimes against humanity that could have easily been prevented, but for the stroke of a pen. <https://espressostalinist.com/genocide/the-irish-genocide/>

For centuries, the Judeo-Christian West has demonized Islam for being “bloodthirsty”. What Protestant England did to the Catholic Irish Nation is just one of many examples of the West’s genocide of the Dreaded Other, in the name of God.

The Chinese, the “Yellow Peril”, were gleefully addicted to British and American opium, in what has been called the “world’s longest running, largest global criminal enterprise in human history”, starting in the 1840s. Boston was built on Hong Kong’s drug cartel. Franklin D. Roosevelt’s family got its wealth from helping to addict and enslave around 100 million Chinese, as did many other thousands of “civilized” white families across America and Europe. After all, the Chinese were no better than yellow niggers.

When the US lost its lucrative slave trade from Africa, after the Civil War in 1865, these upstanding businessmen and Christians simply started sailing their US flag ships to Southern China, to capture and buy one million Chinese, to sell across the Americas. This went on until 1874, when the Chinese emperor’s ceaseless diplomatic and public relations campaigns in the West finally shamed them into stopping.

It was these Chinese “coolie” slaves (from the Chinese, *kuli*, or “bitter strength”) who built America’s railroads out West. Those who didn’t die from starvation and mistreatment were

exterminated through ethnic cleansing across the Western United States. As with Andrew Jackson’s Indian Removal Act, this frenzy of bloodlust against the Yellow Peril was codified by the 1882 Chinese Exclusion Act. Like Native Americans and “freed” slaves, it was open season for slaughter, and many thousands of Chinese coolies were hunted and killed like rabid dogs. Chinese scalps brought just as much US government bounty money as Native American ones.

This genocidal act of 1882 was the first time the US passed a law forbidding the entry of a non-White race into the country, and like the Indian Removal Act, codified the extermination of the ones who had already entered the country. Four years later, the Statue of Liberty was erected, with its mythical plaque exposing Americans’ racist hypocrisy.

Give me your tired, your poor, your huddled masses yearning to breathe free, the wretched refuse of your teeming shore.

Not if you were a yellow nigger.

James Bradley gave a presentation on his book, *The China Mirage* (<https://www.youtube.com/watch?v=MgRJm-tF6Qo&t=>).

In it, he described how in 1885 the government of Tacoma, Washington, fueled by the all-White Knights of the American Federation of Labor (AFL) loaded up a big trainload full of Chinese coolies, drove it eight miles out of town, made them get off and then proceeded to gun them down like the rabid dogs they were considered to be, then left for the vultures, coyotes and wolves. You can bet they were put in cattle cars and not riding first class. Of course, all their houses and property were looted and then seized by white citizens, a habit well-developed after the genocide and theft from the Natives, of the entire American continent.

Samuel Gompers, president of the AFL sounded the racist alarm, declaring,

Racial differences between American whites and Asiatics would not be overcome. The superior whites had to exclude the inferior Asiatics by law, or if necessary, by the force of arms.

Self-righteous Christian leaders joined in the yellow race hatefest. Maine Senator James Blaine snarled that Americans,

Who eat beef and bread and drink beer will have to drop his knife and fork and take up the chopsticks.

Future US president and White-supremist-to-the-bone Theodore Roosevelt warned his citizens that,

No greater calamity could now befall the United States than to have the Pacific slope fill up with a Mongolian population.

As a result of all these hundreds of local, state and national official government cues, and the 1882 law to make it all legal, all-White unions and vigilante groups were fomented into rabid mobs, and the fury of widespread massacres and genocide was unleashed.

In same said book, Bradley touches on a few of the thousands of massacres, exterminations and genocide by White Americans to ethnically cleanse the country of *chinks*.

Rock Springs, Wyoming was the coal mining town that produced half the energy needed for the Chinese coolies to build the Transcontinental Railroad. On 1885.9.2, white miners went on a shooting rampage and massacred 28 Chinese “colleagues”, while all the others fled. Then, the White women of Rock Springs waded through all the pools of blood to systematically loot every Chinese house of its contents, with the land later expropriated into the hands of the Whites.

The Whites of Rock Springs then torched all the Chinese bodies and houses, creating the stench of burning human flesh that could be smelled for kilometers in every direction. Those Chinese who managed to escape were gunned down like rats, by Knights of Labor henchmen, who had surrounded the town, before the well-planned operation began.

It's what makes America great and just.

On 1885.2.7, Seattle mobs were a little less homicidal, but just as effective at ethnic cleansing. They marched every Chinese person in the city to the wharf at gunpoint, loaded them on a steamer ship and sent it out to sea. No one knows what happened to them, but the Whites got to plunder the now-empty Chinatown of all its property and belongings.

Santa Cruz, New Mexico gave its Chinese citizens 24 hours to be marched into the desert to survive or die. Many towns like Cheyenne, Wyoming, Butte, Montana and Grass Creek, Utah, herded up all the Chinese and ran them out of town, into the gun barrels of scalping bounty hunters and their certain death. As far north as Alaska, Douglas Island forced 100 Chinese onto a boat and set it out to sea, to their certain death.

There is a reason why the saying, “He doesn't stand a Chinaman's chance”, became so popular in 19th century America. Because it was true.

These are true historical references you won't see in any US history book, but they perfectly fit the psychopathic logic of genocidal Western racism, later seen in Korea, Vietnam, Southeast Asia and all the other hundreds of dark skinned countries that the US has invaded, exterminated, bombed and occupied, up to the present future.

This egregiously racist Chinese Exclusion Act was not repealed

until 1943, at a time when China was America's ally in the fight against the fascist Japanese in World War II. Up until that time, no Chinese could become a US citizen, even through marriage. In California, Chinese were barred from marrying outside their race until 1948.

One of America's most suppressed histories: thousand of Chinese slaves were used to build the great railways to the West Coast and the ones who survived, were hunted like vermin and slaughtered like rabid dogs. Welcome to America, yellow niggers. (Image by baidu.com)

Western genocide and extermination of “yellow niggers” happened all over the world. This from South Africa,

... Mining was very dangerous work, with scant regard paid to workers' safety. Deaths in the mines averaged seventy-one per thousand in 1903, with figures in July that year exceeding one man killed for every ten miners. 'Human life was being sacrificed, after a purgatory of toil and torture, for a wage of fifty cents a day'.

But investor profits were good. Milner and the mine owners were so desperate to augment the declining workforce that drastic

*measures were agreed. They looked to China, where there was a large source of surplus cheap labour. The Chinese were lured to the South African mines with false promises and outrageous lies. They were led to understand that they would be living in pleasant garden cities where, once settled, families might join them. Fit and healthy applicants were selected and kept in sheds until embarkation. Then, under armed guard, they were loaded into the holds of ships for the journey.⁹⁴ The first ship to sail, the 3,400-ton iron-hulled SS Ikbal, left China on 30 June 1904 with over 2,000 men crammed in the hold like a classic eighteenth-century slave ship. It was mid-summer, with the temperature over 100 degrees Fahrenheit in the shade, as the Ikbal headed out for its 26-day voyage through the tropics. By the time it arrived in Durban, 51 men had died and their bodies dispatched overboard. The deaths proved no great loss to the organisers, however, for they had insured each man for \$125 and netted a tidy profit from the insurance company. On arrival, the men were tagged like pieces of meat and sealed in railroad cars for the 30-hour journey to the Transvaal. The garden cities were a myth. In reality, the Chinese workers lived in huge hutted compounds beside the mines with 20 men in each small shack. They were unable to leave the compounds without a special permit and were fined for the slightest breach of the rules. The men worked ten hours a day for a wage of twenty-five cents. In addition, they had to work at lower rates for at least six months to pay back the costs of their passage from China. – Docherty, Gerry; MacGregor, James. *Hidden History* (p. 52). Mainstream Publishing.*

Mr. Lindqvist spells out, with scathing research, why Slavs and the Yellow Peril were (and are) considered just as subhuman as Africans, in the eyes of Western Europeans and Americans.

European and American colonialists called all the different dark skinned peoples in their colonies, “niggers”, “brutes”, “kaffirs”, “beasts”, “barbarians”, “inferior races” and “lower races” – from the Caribbean to Central-South America to Africa and Asia – Russians, Chinese and Irish included. They were classified by the West’s best scientists as something between an ape and the superior Western White race. Predestined extinction of these weaker, less intelligent subhumans was simply the natural order and this “scientific theory” filled volumes of academic journals in English, French, Spanish and German.

Hitler fondly called the Japanese “honorary Aryans”, who, like the Germans, adopted Western Europe’s and America’s genocidal, colonial playbook. When their imperial army slaughtered 300,000 innocent Chinese women, children, aged and others, during the Nanjing Massacre, in 1937, it caused just as little outrage among Western Europeans and Americans, as all the countless genocides committed in their names and for their financial enrichment, since 1492. Which Westerners cared then and who cares today? Just look at Syria/Iraq, Palestine, Yemen, Ukraine, the Congo’s pygmies, the Amazon’s indigenous tribes and Myanmar’s (Burma) Rohingya Muslim minority, to name a scant few. They are just the tip of the West’s ongoing, unwritten policy of genocide and extermination, either directly or by proxy. After all, as they say, niggers are just niggers.

Trophy shot. Westerners didn't bat an eye, when Hitler's honorary Aryans, the Japanese slaughtered 300,000 Chinese over six weeks in Nanjing, 1937. They still don't give a rat's ass about humanity's Moral Majority, niggers all, in Western eyes.

This has troubling implications for current events and the 21st century. What is clear is that this deep seated Western racism has not gone away. It is still alive and well in the hallowed halls of power, capital and empire, Black genocidal criminal President Barracks O-Bomb-A be damned. Western racism is clearly expressed by Zbigniew Brzezinski, America's foreign policy czar since the Carter administration. He sums up his genocidal philosophy, with, "Today it is infinitely easier to kill a million people than to control a million people", and how important it is to, "Keep the barbarians killing each other". "Barbarian" is only a slightly more socially acceptable synonym for "nigger", and we can see his psychopathic, imperial handiwork in Afghanistan, where he created Al-Qaeda; later to be used by NATO in Iraq, Syria, Libya, Yemen, Mali, Nigeria, Chechnya and elsewhere, not to mention the destabilization of China, via its predominately Muslim province of Xinjiang.

Westerners cannot write about their racial superiority and their perceived subhumaness of non-Westerners, like they were able to do so freely, until the 1950s. But it is still manifestly the fundamental principle that drives America's "exceptionalism" and the West's "shining beacon on a hill" superiority, thus legitimizing ongoing Western genocide, wars, government overthrows, false flags and economic, human and resource

exploitation.

To close out, spend a moving and reflective hour listening to some of America’s most abused, tortured and massacred citizens: prisoners. Millions of innocent people, mostly dark skinned and poor, have been railroaded into America’s gulags and execution chambers, and still ongoing – all racially justified and supported by mainstream propaganda.

Postscript: mainstream media will almost never talk about Western racism in frank terms, like I do. Here is an RT article that broaches Trump’s “shithole” comment as racism,
